RELEASE NOTES

Applicare Release Notes for Version 9.2.7.4

Applicare 9.2 · Updated August 22, 2024 · **Pending technical review**

- Added an option in the LAMA Configuration screen to monitor only specific disks for hardware metrics.
- Enhanced LAMA Application metrics with logic to calculate Historical Throughput (HST_THRGHPT) and Historical Latency (HST_LTNCY) for a 21-day period, posting the data once daily.
