# Custom Search in LogAnalyzer

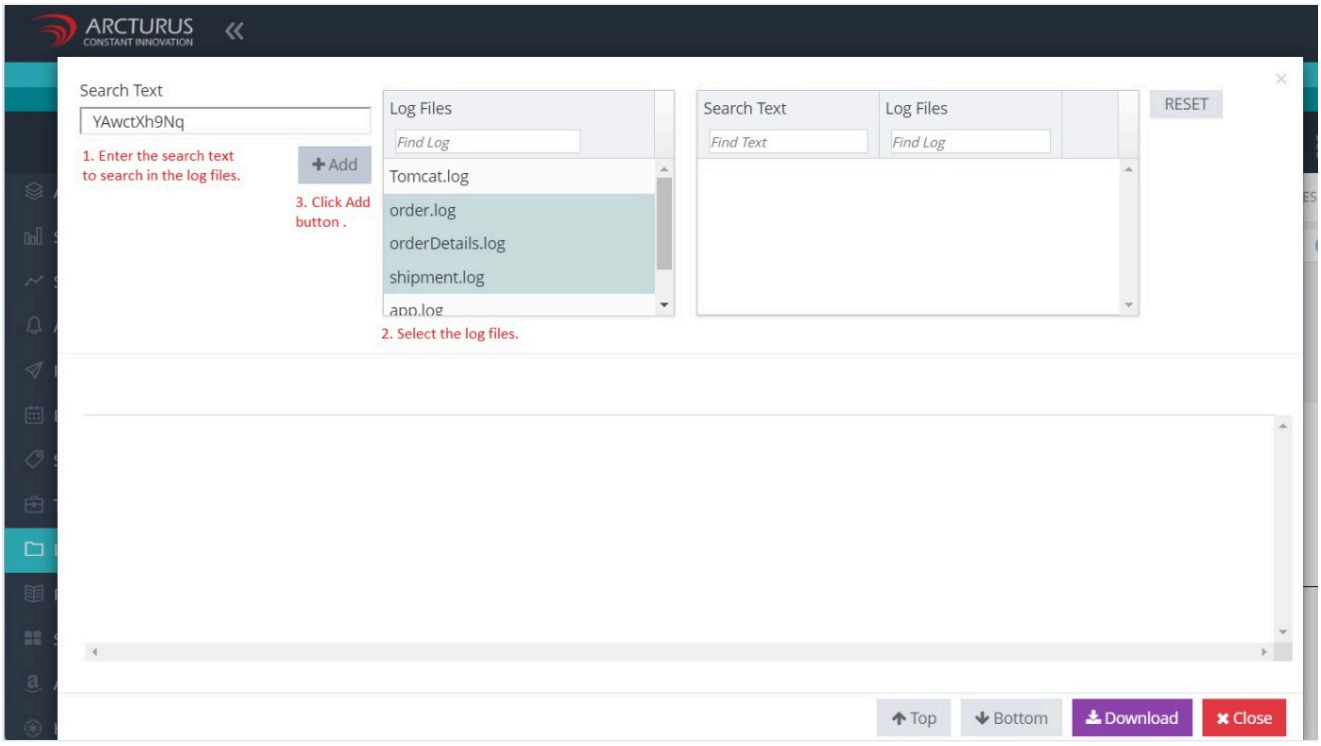

Applicare 9.2 · Updated September 13, 2024 · logs · **Pending technical review**

1. Go to **Log Analyzer** menu and click the **Custom Search** button.

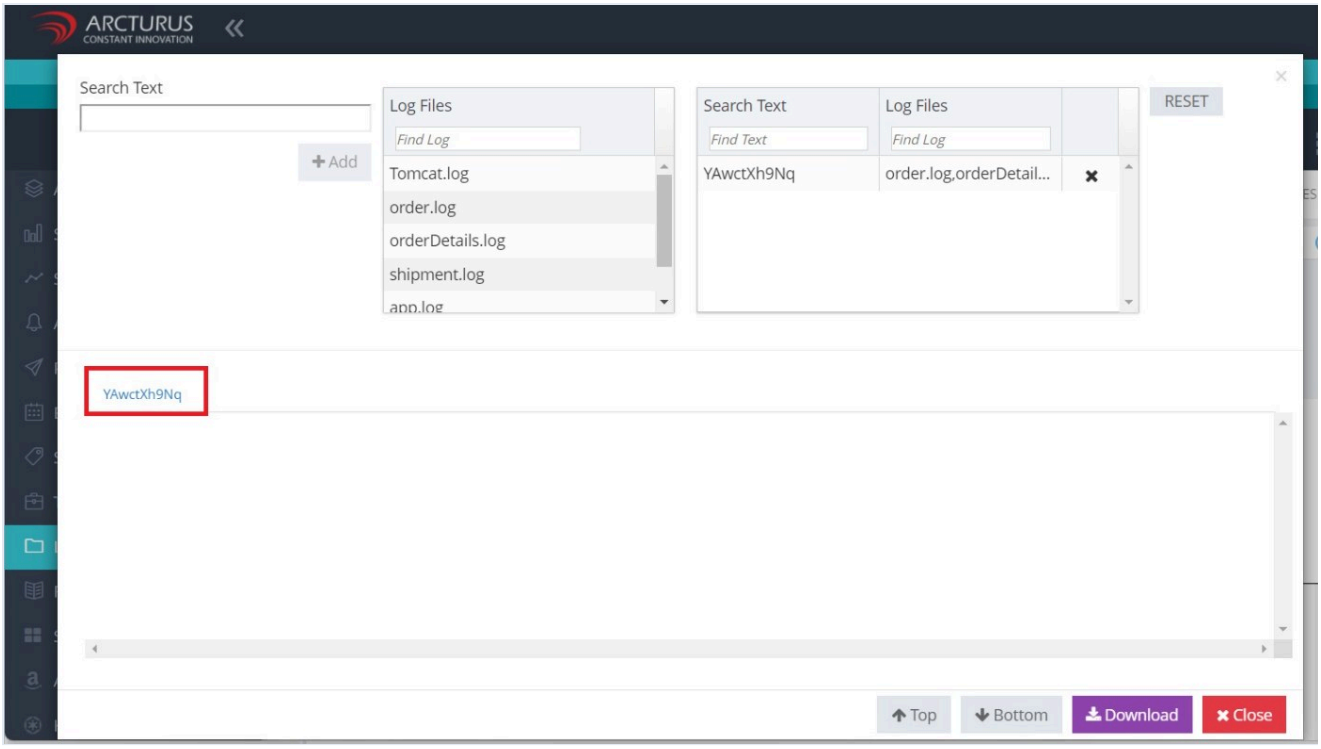

2. In the Custom Search popup

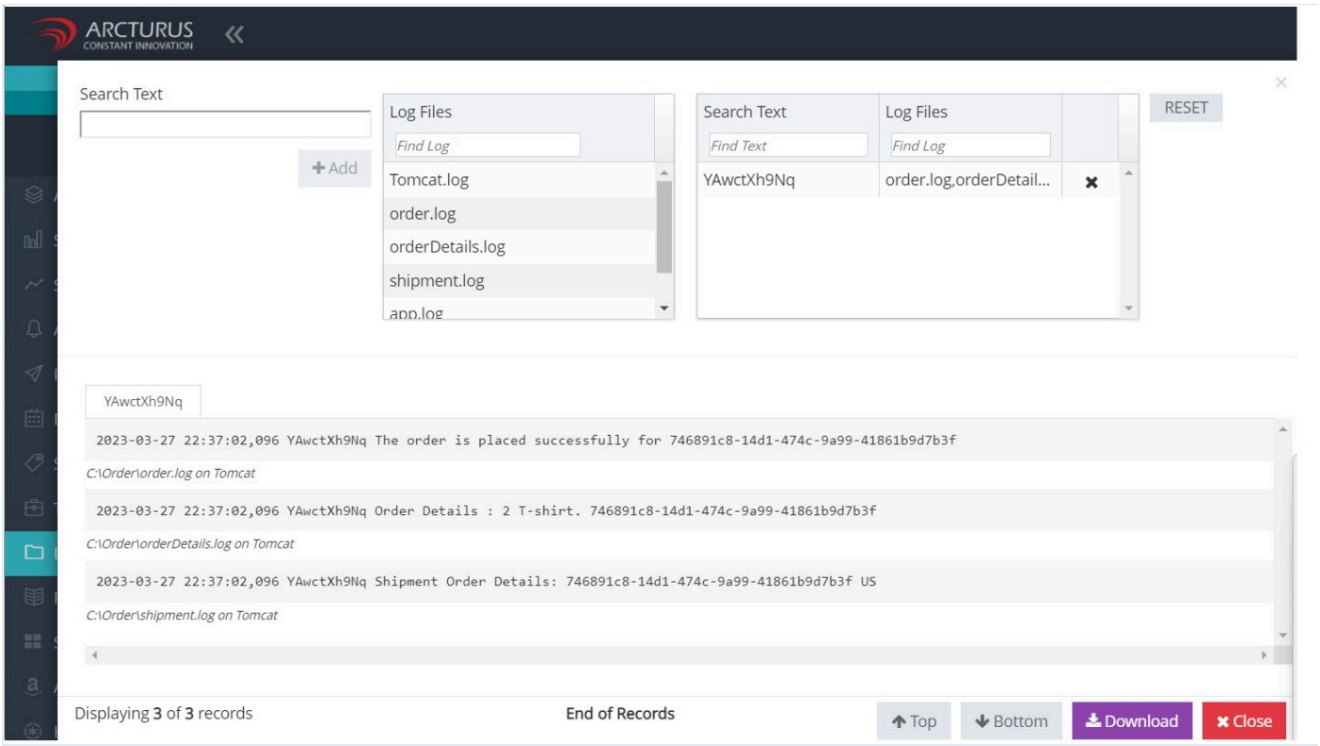

1. Enter the search text.
2. Select the log files.
3. Click the Add button.

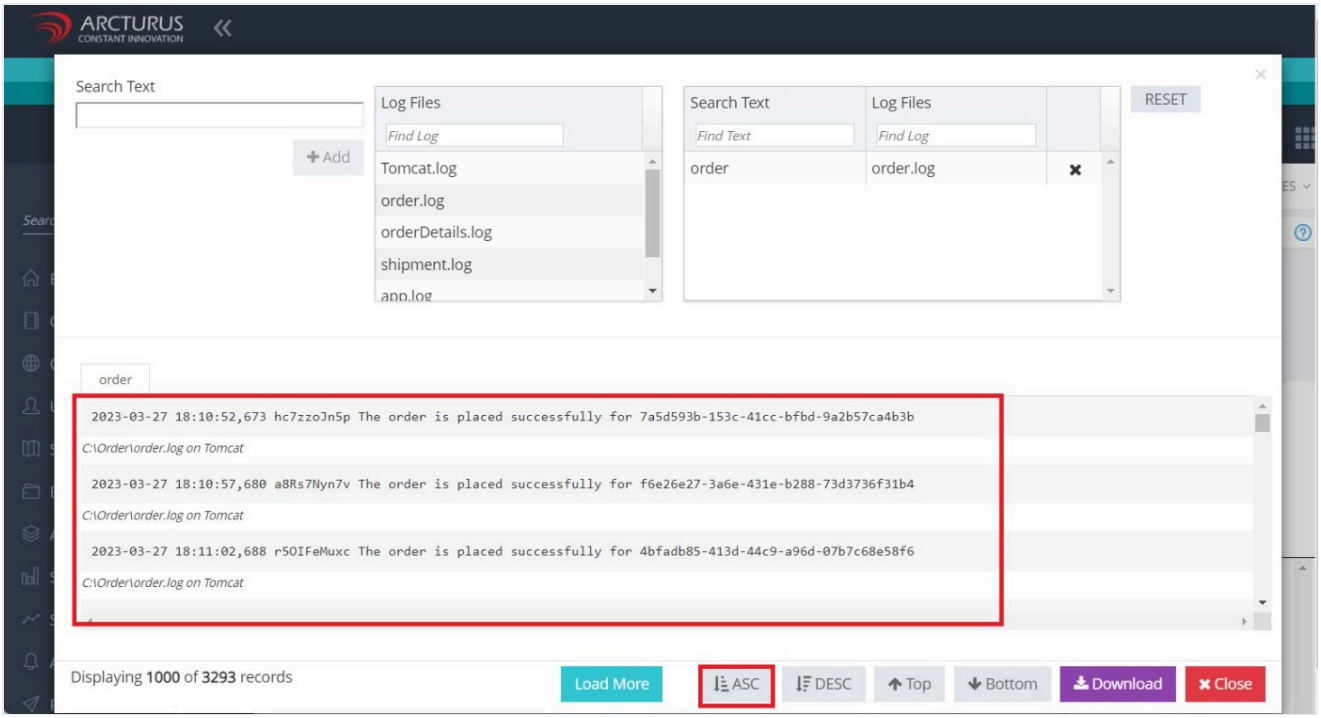

3. A tab will appear with the name of the search text. Click on the tab to view the results.

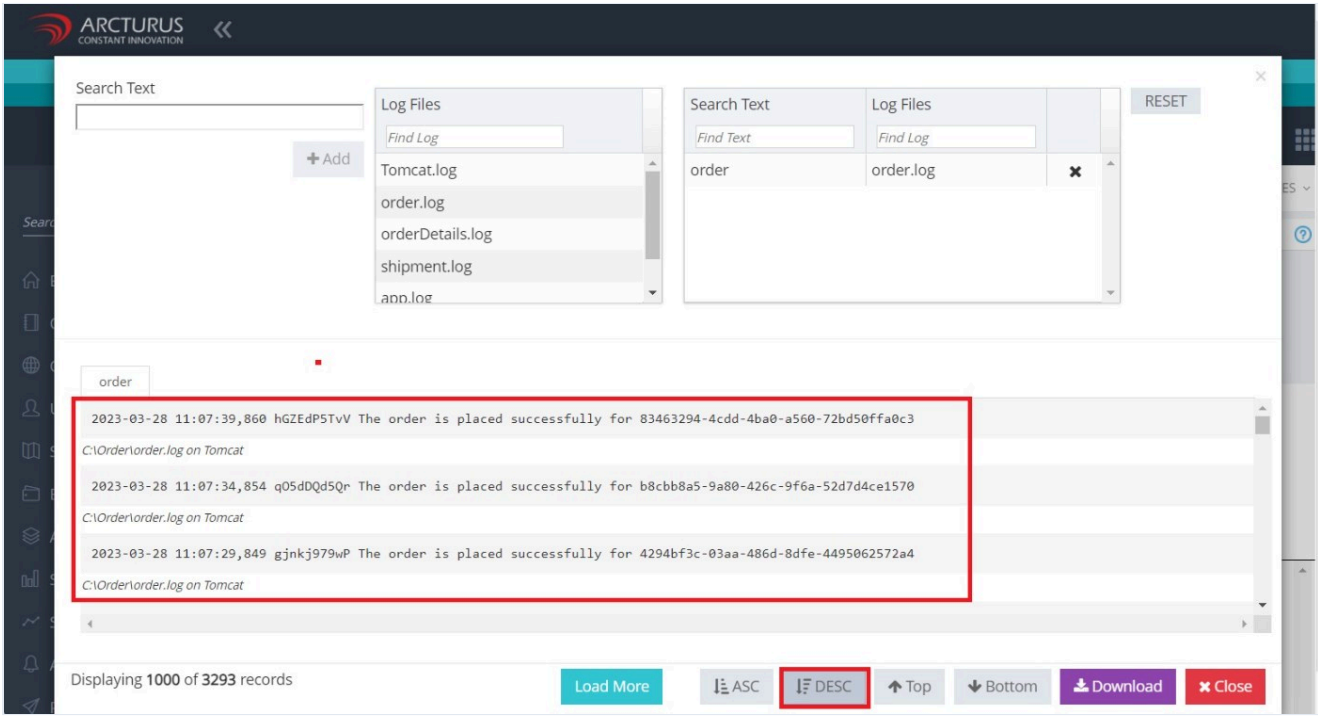

By default, it will display the **top 1000 records** in **descending order** based on the log time.

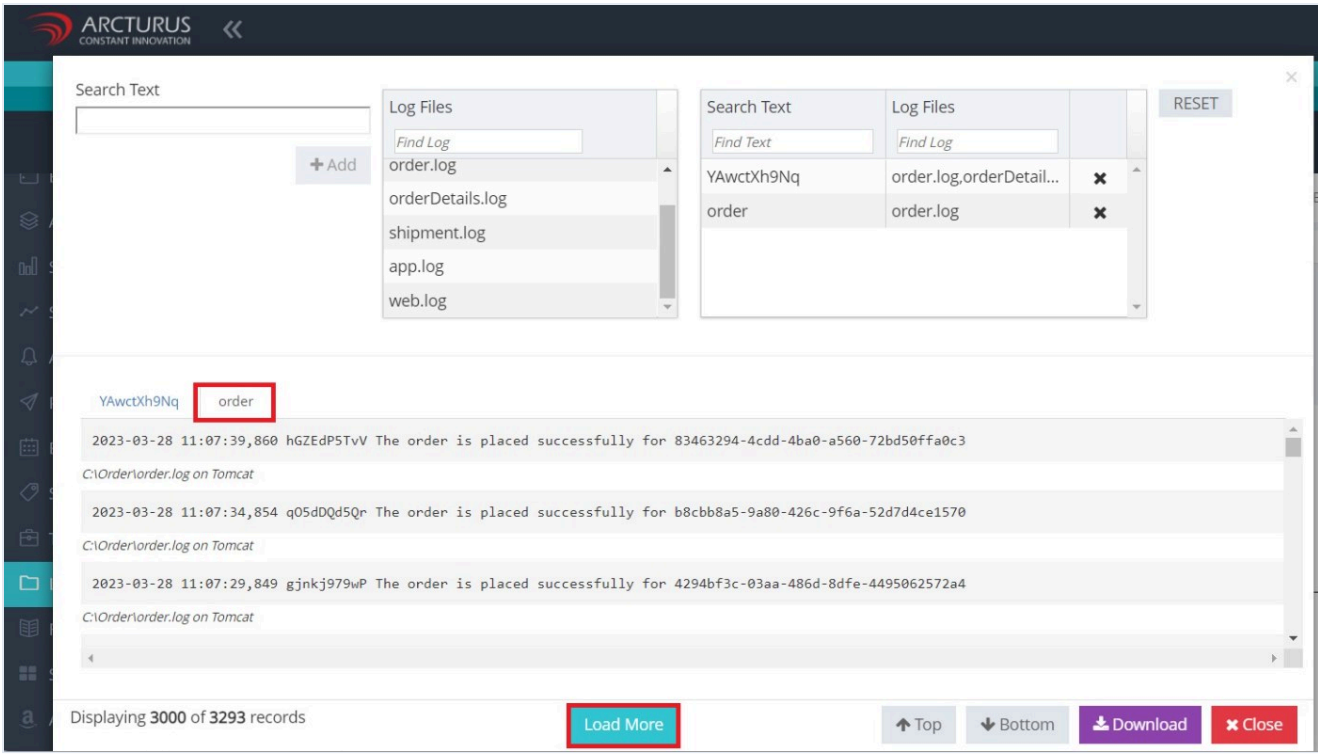

To view the records in the **descending order** based on date-time click the **DESC** button.

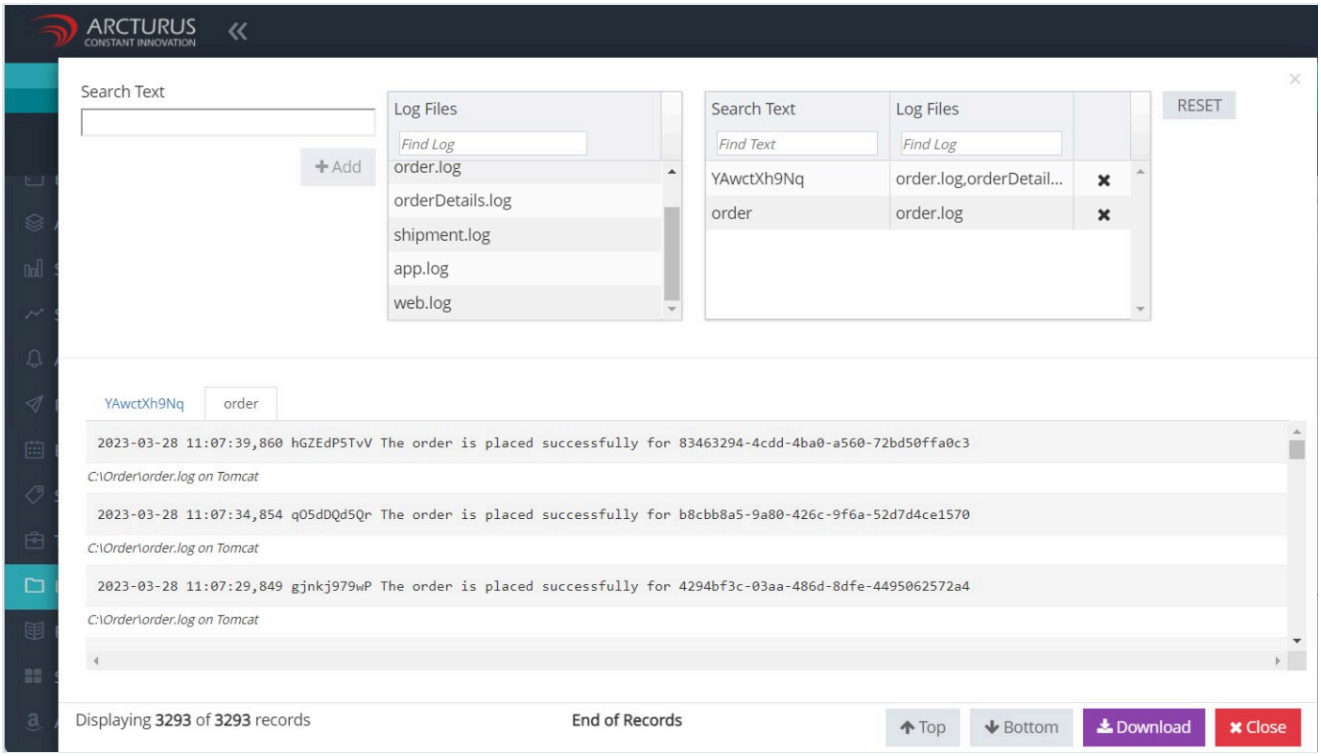

To load the records in the **descending order** based on datetime click the **DESC** button.

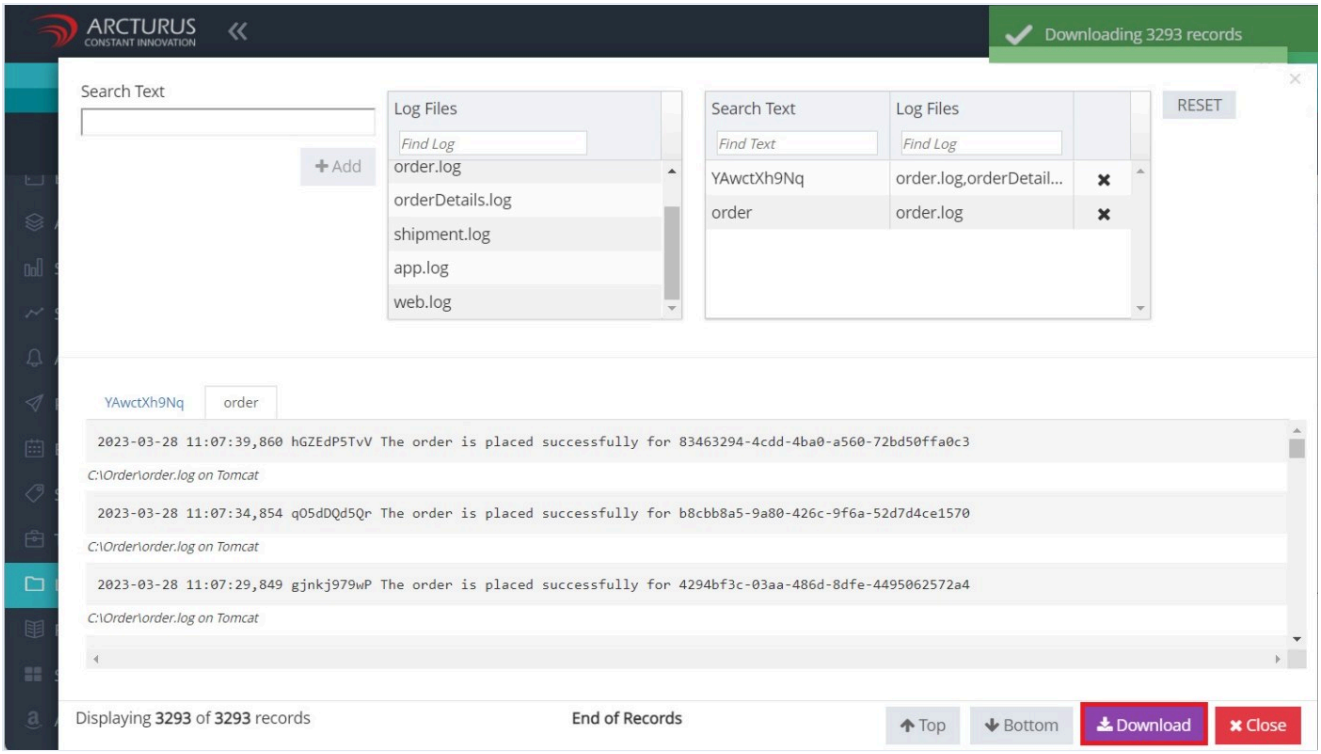

4. If there are more than 1000 records the **Load More** button will be displayed. Click the **Load More** button to load next set of 1000 records.

5. Click the **Download** button to download the records.
